

WYOO signals taken over by KDWB on FM and by WAYL on AM

Today KDWB took over the FM radio signal formerly owned by WYOO-FM. KDWB-FM will simulcast in stereo with its AM channel on 101.3.

WAYL-AM will assume WYOO-AM's signal, 980, beginning Monday.

The changes resulted from the recent sale of WYOO-AM by Fairchild Industries to Doubleday Broadcasting. Fairchild sold WYOO-AM to WAYL-FM, which is independently owned.
